WORLD WAITS FOR U. S. REPLY ITALIANS STRIKING AT LAON

NOTES FROM GERMANY AND AUSTRIA ASKING FOR AN IMMEDIATE ARMISTICE PLACED IN THE HANDS OF PRESIDENT WILSON TODAY.

FORMAL OFFICIAL COMMENT IS BEING WITHHELD PENDING PRESIDENT'S DECISION ON REPLY WILL THE ALLIES BE ASKED TO CONSIDER?

An Indication of the Probable Reply Some Observers Think is to be Found in Secretary McAdoo's Statement That Note Must Not Interfere With Fourth Liberty Loan Sales.

WASHINGTON, OCTOBER 7.—(Associated Press Dispatch)—The note from Germany and Austria asking for an immediate armistice and discussion of peace on conditions previously laid down by President Wilson were placed in the President's hands today.

Formal comment was withheld everywhere in official quarters pending the President's decision as to what will be America's reply.

There was no difference of opinion on one point—that there will be no suspension of hostilities in the event of negotiations of any kind. The only question among officials and diplomats seems to be whether President Wilson would be willing to ask the allies to consider negotiations even with the fighting continuing.

Even while word from the White House was awaited the Senate discussed the latest phase of the peace offensive, leaders on both sides declaring emphatically that no suspension of hostilities should be contemplated.

One indication of the President's probable action came in a statement by Secretary McAdoo warning the country against allowing victory on the battlefield and overtures from the enemy to interfere with the Fourth Liberty Loan.

HINDENBURG RESIGNS AS CHIEF

LONDON, OCTOBER 7.—(Associated Press Cable)—Field Marshal Von Hindenburg has resigned as chief of the German General Staff after a heated interview with the Emperor, in which the Field Marshal declared that a retreat on a large scale was impossible to avoid, according to a Central News dispatch from Amsterdam today.

WILL NOT DEAL WITH RULERS

WASHINGTON, OCTOBER 7.—(Associated Press Dispatch)—Discussing Germany's peace offer in the Senate today Senator Hitchcock of Nebraska, chairman of the Foreign Relations Committee, declared:

"Absolutely abhorrent, even a thought of a suspension of hostilities now," and recommended adherence to the principles previously laid down by the President as a basis for peace, one providing the allies would deal only with real representatives of the German people.

NO ARMISTICE SAYS LONDON

LONDON, OCTOBER 7.—(Associated Press Cable)—No armistice will be granted the Central Powers before the complete evacuation by them of allied territory with a cessation of the destruction and burning of allied cities.

This is the personal opinion of foreign diplomats of the highest rank, who had been questioned concerning the German peace proposal.

PROMPT REPLY EXPECTED

WASHINGTON, OCTOBER 7.—(Associated Press Dispatch)—A prompt and decisive reply to Germany's latest peace proposal is indicated by developments in Washington early today.

Minister Ekengren, of the Swedish Embassy, presented the note from Baron Burién, the Austro-Hungarian foreign minister, to Secretary Lansing at 10:30. He was only at the State Department a few moments.

The German peace note was delivered to President Wilson personally today by an attaché of the Swiss legation. This gave rise to suggestions that it came from Emperor William himself.

Great Stronghold to Which Foe Has Been Clinging Is Being Given Up.

Rheims Finally and Definitely Cleared of The Menace of German Cannon.

(By Associated Press Cable)
Paris, October 7.—Laon, the stronghold to which the enemy has been clinging as the key point of his line on the southwest, apparently has been set afire by the Germans. The town was reported ablaze yesterday and fire was still burning there today.

Rheims has been finally and definitely cleared from the menace of German cannon. The Germans are in retreat on the whole front from the Suippe to the Arnes, as well as in the region south of Cambrai.

VATICAN DECLINES AUSTRIAN DEMAND

(By Associated Press Cable)
Paris, October 7.—Austria-Hungary recently again insisted that the Vatican undertake steps toward peace, it is reported in Rome, according to a Havas dispatch from that city.
The Vatican, it is added, rejected the demand.

YANKEES ADVANCE FIGHTING IS HEAVY

(By Associated Press Dispatch)
Washington, October 7.—Slight advances yesterday by the American forces between the Meuse and the Bois des Argons in heavy infantry fighting was reported today by General Pershing.

He also reported increased artillery activities everywhere on both sides.

HUNS READY FOR HEAVY SACRIFICES

Peace Move of Germany Taken on Advice and Approval of Army.

(Associated Press Cable)
Berne, Switzerland, October 7.—(Havas Agency)—The German government took its latest peace step up on the advice and with the approval of the high command of the army, says the Stuttgart Neues Tageblatt.
Germany, the newspaper adds, has decided to consent to very heavy sacrifices.

ARSENAL MENACED

(By Associated Press Dispatch).

Rock Island, Ill., October 7.—Fire of unknown origin broke out at the Walsh Construction Company camp at the Rock Island Arsenal at 9:00 o'clock this morning. . . . The plant is situated near the big TNT plant and every effort is being made to prevent its spread.

The city fire department is on a strike.

The Rock Island arsenal is the largest in the United States and the TNT plant is the largest operated by the government.

UNDER CONTROL

(By Associated Press Dispatch).

Rock Island, Ill., October 7.—The fire which started at the United States Arsenal here at nine o'clock was under control at 10:45 o'clock, and no serious damage resulted to the arsenal proper.

EPIDEMIC ON WANE AT SHERMAN

(By Associated Press Dispatch).

Camp Sherman, October 7.—If the predictions in Columbus of acting State Health Commissioner James Bauman, prove true, today will be the climax of the epidemic of influenza, pneumonia and bronchitis which has cost the lives of 363 soldiers and nurses.

Commissioner Bauman believed that while the death list will exceed 100 today, it will show a marked decline thereafter, disappearing as quickly as it appeared.

54 DEATHS

(By Associated Press Dispatch).

Camp Sherman, October 7.—(3:30 p. m.)—The number of deaths at Camp Sherman for the 24 hour period ending today noon was 54, bringing the total up to 440.

INFLUENZA SEIZES EXPLOSION REFUGEES

(By Associated Press Dispatch).

Perth Amboy, N. J., October 7.—Outbreak of Spanish influenza today among the refugees from the explosion disaster at the Gillespie shell-loading plant constituted a menace which gave serious concern to the Red Cross officials in charge of relief work.

In addition to 300 cases previously existing, 75 new cases and 4 deaths from pneumonia were reported today among the refugees.

OUTFOUGHT BY THE FRENCH AND AMERICANS THE GERMANS ARE RETREATING ON A WIDE FRONT. FRENCH HAVE REACHED THE SUIPPE RIVER ON A WIDE FRONT. AMERICAN FORCES BATTLING BRILLIANTLY WITH GOURAUD'S FORCES HAVE AIDED MATERIALLY IN EXPELLING ENEMY FROM CHAMPAGNE SECTOR.

LILLE BEING EVACUATED BY THE GERMANS ITALIANS IN GREAT FORCE MENACE LAON INDICATES POINT TO BREAKING OF GREAT HINGE

"Unconditional Surrender" is the Unanimous Answer of American Press to Peace Proposals. Other Allied Nations Look Upon Proposals as Nothing More Than Might Have Been Expected.

(By The War Editor of The Associated Press)

Outfought by the French and Americans, the Germans are retreating on a wide front in the Champagne sector between Rheims and the Argonne forest. The enemy has been caught between General Berthelot's army on the west and General Gouraud's forces on the east, and is retiring northward toward the Retourne river.

HUN'S LONG LINE MENACED

General Berthelot's advance in the Rheims region has greatly menaced the enemy forces south of the Retourne river and although the retrograde movement is being covered by rear guards well supplied with machine guns, it appears to be going on rapidly. The French seem to have reached the Suippe river over a wide front.

AMERICANS FIGHTING BRILLIANTLY

American forces have been battling brilliantly with Gouraud's army and have aided materially in expelling the enemy from the Champagne sector. Further east the Americans, fighting between the Argonne forest and the Meuse river, are slowly driving the Germans from the area before the Kriemhilde line and gathering their forces for an assault on that powerful position.

GERMANS RETREAT FROM LILLE

From the region of Lille southward to Cambrai the German retreat, begun when Lens and Armentieres were abandoned last week, is continuing with what appears to be precipitation.

There is every reason to believe the city of Lille will be evacuated by the enemy within a few days and that his retirement will extend far down the front to the St. Quentin sector, where both the French and British are reported to be clear through the Hindenburg line.

HUN LINE ON PIVOT IS HOLDING

So far the German line from St. Quentin to the Ailette river and thence eastward to Berry-au-Bac is standing quite firmly, and evidently this part of the enemy's position is being used as a pivot as his armies to the north and east swing back to new positions.

ITALIANS STRIKE HEAVY BLOW

Italian forces, however, have struck at the German lines in front of Laon and early reports of progress made there would appear to justify the belief that the hinge of the foe's line may be broken.

WITHDRAWING FROM BULGARIA

German detachments which have been fighting beside the Bulgarian armies in Macedonia, are being withdrawn, according to an announcement made in Berlin. Serbian and French forces are reported to have inflicted a defeat on German and Austrian units near the city of Vranje.

MUST FIRST SURRENDER

"Unconditional surrender" is the answer of the American press to the appeals for peace made by Austria and Germany.

So far as press comment reflects the situation in France and England, there is no disposition in those countries to consider the efforts of the enemy, other than a new manoeuvre which promises but little more than might have been expected from the former peace offers made by the Central Powers.

NEARLY CARLOAD OF CLOTHING FOR STRICKEN PEOPLE

Generous Response From Fayette County Citizens Makes Possible Huge Shipment of Clothing to Destitute Belgians and French in War Zone—Now Being Packed for Shipment.

The Red Cross drive for destitute Belgians and French closed Saturday evening with an enormous stock of clothing, shoes, materials and other needed articles, piled high and awaiting fumigation and shipment.

The drive was throughout a wonderful success in both quantity and quality. Many new materials were donated and a class of garments that was decidedly out of the ordinary, many almost new and everything in good condition.

The P. Hagerty Shoe Company sent a case of new shoes and other firms sent in contributions most acceptable.

Not only in town, but throughout the county was the response most generous and indicative of Fayette county's sympathy with these stricken peoples, as well as her patriotism in desiring to help our allies.

The dry goods merchants of the city are each donating a man from their regular force to assist in the packing which will be begun this evening. It is expected that there will be a car load.

The Red Cross is deeply grateful to the Woman's Committee, Council of National Defense for the assembling of such a quantity of clothing and for the success with which they put through Rally Day. Once again this committee, wonderfully organized, has proved to the public its efficiency and value in patriotic community service. It means a great deal to have such an organization so well established in a county at a time like this.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

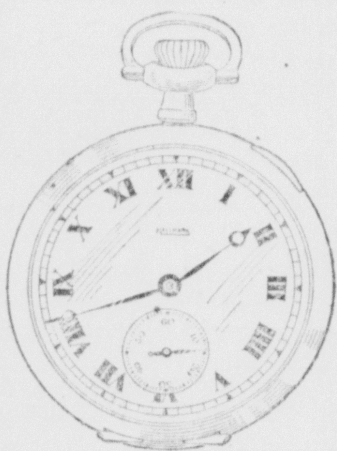

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bitious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

LIEUT. PAUL HUGHEY MISSING IN ACTION SINCE SEPTEMBER 14

Official notice has been received by Mrs. J. W. Hughey that her son, Lieutenant Paul H. Hughey, who is officially designated as an "ace-vic," indicating that he has shot down several enemy airplanes, has been missing in action since September 14th.

The telegram, which also promises report of any further information received, says:

"Deeply regret to inform you that Lieut. Paul Hughey, ace vic, is officially reported as missing in action since September 14th. Will report first information received."

KING, A SLACKER, NOW IN UNIFORM

Joseph Elwood King, colored hotel porter who is alleged to have seized Mrs. S. A. Ferris, said to hail from Columbus, while the woman was on her way to her room at an early hour last Thursday morning, is now in a uniform and being trained in the U. S. Army at Wilberforce, Greene county, after having admitted that he was a draft slacker.

It was suspected when King was arrested that he had evaded the draft law, and the A. P. L. authorities took him in charge and soon learned that such was the case, so that he was speedily inducted into the military service.

In the meantime the woman is supposed to have returned to Columbus.

WORST DAYS EVER AT BLOOMINGBURG

Not since the establishment of the telephone service at Bloomingburg has the Bloomingburg exchange been so overwhelmed with calls as during the past four days and nights, due to the widespread epidemic of influenza in that community, and this increased demand coming on top of the fact that some of the operators have been suffering from the disease, has worked a genuine hardship on the exchange.

It is suggested that all unnecessary calls be dispensed with until normal conditions are restored.

MARY SCRAMBLE IS CAUSED BY WAR

For some time there has been a merry scramble in the city among the collectors of garbage, and as a result many homes are visited a half dozen times daily by these men.

The scramble is said to be due to an increased number of hogs being raised in the outskirts and near the city, but due chiefly to the greatly reduced amount of garbage as result of war conservation.

MUST REDEEM ALL PLEDGES FOR THE "BABY WAR BONDS"

P. B. Beery, special agent of the Treasury Department, was in Washington C. H. Saturday conferring with County Chairman, M. S. Daugherty, of the War Savings Committee regarding the pledges to purchase stamp made by the people of Fayette county. Mr. Beery is auditing the pledges and made it plain that the Treasury Department expects fulfillment of all pledges to purchase War Savings Stamps.

"The first duty of every citizen in the county is to redeem the pledge to purchase these stamps" said Mr. Beery. This pledge has the first call upon the resources of the individual because the first duty of a citizen is to his country. The Treasury Department, through the Fayette County War Savings Committee had record of all pledges and will check these with a view of investigating who have failed to redeem their solemn promise to the Government to purchase."

The War Savings Campaign has gained great impetus throughout the State and when the pledges to purchase are fulfilled in Fayette county its present per capita standing of \$12.83 will be greatly increased and this county join the more successful counties of the State.

More than \$67,900,000 worth of these "baby bonds" have been absorbed in Ohio to date.

Mr. Daugherty, County Chairman, suggests that all redeem their pledges at the earliest moment and thus prevent the necessity of a return call on the part of Mr. Beery, who would then have to take some action.

MANY TELEPHONE WORKERS ARE ILL

The influenza has struck the telephone workers about as hard as any of the other workers in the city, with the result that for some days past both plants have been handicapped more or less.

Several of the operators of the Bell plant are still ill, but all efforts are being made to get to any complaints as speedily as possible, and to render the best service that can be rendered under the handicap.

NEW PRESIDENT FOR CITY COUNCIL

At a meeting of the city council tonight at 7:30, a new president will probably be chosen to succeed the late president, Al Melvin, whose death occurred a short time ago.

Routine business will be taken up, and it is probable that the street cleaning question will be taken up with a view to furnishing adequate relief by renting the fusher, or some other means.

GAMES CANCELLED UNTIL OCTOBER 19

The Washington high school football team did not play Greenfield Saturday, because of the influenza epidemic, and the game between the two teams, to have been played in this city next Saturday, has been cancelled so that the next game now on the schedule is between Washington and Springfield to be played in this city on Saturday, October 19.

NEARBY TOWNS TAKE PRECAUTIONS

Both Greenfield and Leesburg have taken steps to prevent further spread of the influenza by ordering all the schools, churches, picture shows and other public places closed indefinitely.

In Greenfield there are 40 cases of the disease. The action in both instances is a preventive measure to guard against further spread of the epidemic.

YANKEE SUBMARINES ASSIST IN RAIDS

(American Press)

London, Oct. 7.—A contingent of 12 American submarine chasers played a brilliant and novel part in the Durazzo engagement. This chaser squadron effectively acted as a screen around the big ships engaged in the bombardment to protect them against submarines. The Americans were under a heavy fire, but had no casualties. Captain C. P. Nelson and Lieutenant Commander P. H. Bastedo commanded the squadron. A large percentage of the officers and men were of the naval reserve, and reports of the operation praise their work highly. The Americans definitely sank one Austrian submarine and damaged and probably destroyed another.

MIRROR REFLECTORS IN PARIS

The novel system used by the French in directing night traffic is the use of small mirror reflectors strapped around the lamp posts of the city. WEPT WHEN ARMY WAS DISBANDED BUT HAD FAITH

(Associated Press Correspondence)

Paris, September 28.—Queen Marie, Rumania's heroic "Soldier Queen" wept when the gallant Rumanian army was demobilized by order of the Germans; but she declared that it would not be for long, that Rumania would fight again.

The disbanding of the army of 300,000 soldiers was one of the stern measures forced upon Rumania by the terms of Germany's humiliating and uncompromising peace treaty. Emperor William of Germany gave King Ferdinand of Rumania just one month in which to strip his army of all its power.

In a great open stretch of land at the foot of the rugged Carpathian mountains, not far from the Austrian frontier, the Queen, accompanied by the King and the royal family, reviewed the regiments of officers and soldiers who had fought so bravely during the eighteen months that Rumania faced the four formidable foes that surrounded her.

As each division passed along the line of march, there were repeated demonstrations, shouts of acclaim, and many marks of affection on the part of the troops for their beloved Queen, whom they revered with a devotion almost as fervid as that shown by the French soldier for the memory of Joan of Arc.

On the way to the review every inhabitant of the villages through which the Queen passed gave her a demonstration so overwhelming and spontaneous that she herself acknowledged later that it was the greatest single tribute she had received at the hands of the people since the beginning of the war.

There could be no doubt even in the mind of the firmest pacifist that Rumania's fighting Queen had the loyal and wholehearted support of the entire population in her struggle to stave off a humiliating peace with Germany.

WANT UNIFORMITY IN DIVORCE LAW

(American Press)

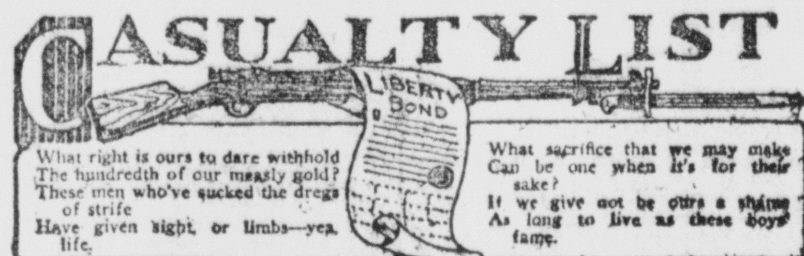

Cleveland, Oct. 7.—A uniform divorce law, to be effected through revision of the various state laws, will be one of the chief topics for consideration at the annual convention of the American Bar association, which will open here Thursday. Two thousand delegates are expected to attend the opening session. Only two states, delegates declared, now have identical divorce laws. Besides taking action on the divorce laws problem, the convention is expected to take up the question of obtaining legislation deemed necessary for solving problems of reconstructing industrial and social conditions after the war.

Played With Matches.

Bellefontaine, O., Oct. 7.—Three little children of Frank Wisecup and wife will likely die from playing with matches. They started a fire in an upper room of the house and were unconscious when firemen rescued them.

Poles Leveled; Windows Smashed.

Marion, O., Oct. 7.—A violent wind and hail storm did considerable damage in Marion, Crawford and Hancock counties. At Caledonia the hail storm was so hard that windows all over the town were broken. The tar roof on the new Methodist church was ruined. At Fostoria telegraph poles, blown across tracks, delayed trolley and steam line traffic. Hundreds of windows were smashed at Ada.

Assemblages Prohibited.

Cincinnati, Oct. 7.—A sweeping order, closing all schools, moving picture theaters, regular theaters, Sunday schools, University of Cincinnati, churches and all places where people are accustomed to congregate, either indoor or outdoor, was made by the board of health. The order followed reports from practically all physicians in this city, which displayed the fact that there were approximately 4,000 cases of influenza prevalent here.

Cox's Proclamation.

Columbus, Oct. 7.—Because Oct. 9, customarily observed as fire and accident prevention day, this year falls within the liberty loan campaign, the observance has been postponed until Saturday, Nov. 2. Governor Cox issued a proclamation urging co-operation of all state and civic bodies, churches, schools, colleges, women's clubs, fire departments, organizations of professional, business, industrial and labor men, not only in the observance of fire and accident prevention day, but in carrying throughout the year the precepts of this day.

Columbus, O., for a three-day engagement, beginning Thursday night, October 10, shows Herbert at his best. When it is recalled that he is the composer of such national successes as "Babes in Toyland," "The Red Mill," "The Only Girl," "Princess Pat" and others, Hartman audiences know what a treat is in store for them.

His co-worker in "Her Regiment" is William LeBaron, who wrote that very successful play, "The Very Idea." This was the piece that introduced the playwright to New York City and his collaboration with Mr. Herbert has given him added distinction, inasmuch as he is said to have departed from the well-worn trails of farce comedy writers, with most charming results in "Her Regiment."

A feature of the Columbus engagement, sure to be appreciated, is that Joe Weber has retained the same cast in the play which was seen during the all-season run at the Knickerbocker Theater, New York. There is no "Number Two" company of "Her Regiment," as Mr. Weber refused to equip a second company. When the curtain was rung down at the end of the Metropolitan run, each member of the company was handed a contract for the 1918-19 season, calling for their services on the trans-continental tour. This brings to Hartman playgoers the noted comedian, Frank Moulan, heading a list of stage folk seldom seen outside of New York. Associated with Mr. Moulan are Mable Wilber, Roland Hogue, Norma Brown, William Marquett, Lila Blow, Nate Ellis, George Averill, Edward Wade, Annette Stewart, Georgeanna Temple, Gwendolyn Rowland and two-score beautiful girls.

Germany Sues For Peace

The three cornered alliance of Germany, Austria and Turkey is on the verge of the precipice and Germany's proposal, made through the new chancellor, Prince Max of Baden, is the last desperate attempt to save, from utter ruin, the war power and the war lords.

The reason is not difficult to ascertain. Turkey is, to all intents and purposes, out of the war now. The fall of Constantinople, the opening of the Dardanelles and the ousting of the Turk from Europe is, unless something now unforeseen intervenes, a matter only of days.

Austria's complete capitulation is scarcely less certain than that of Turkey.

With her armies disorganized and overwhelmingly defeated, with her civil population without food, clothing or fuel, the conglomerate empire of Charles is tottering to its fall.

Austria faces not only a winter of discontent, hunger, desolation, riots and anarchy at home, but a winter with no cessation of fighting at the front. Marshal Foch has so successfully conducted his campaign that Serbia and Rumania will be able to conduct a campaign against Austria on the Balkans frontier. Italy's army is stronger than ever and ready for a crushing winter campaign against the dual monarchy. Poland and the border provinces of Russia are arming and organizing for an attack from the east.

The result, it seems now, cannot be in doubt and as a consequence Austria is in a panic. German military power has been crushed in France and Belgium by the mighty blows of the French, British, Belgians and Americans.

The threat of Austria and Turkey to withdraw and make peace could not be ignored by Berlin. Something had to be done at once. Germany could no longer buy, promise or threaten her allies into continuing in the war.

The peace proposal is of tremendous import—not because of its sincerity, not because the allied governments will deal with "the present rulers of Germany," but as showing conclusively the final and complete disintegration of the barbaric alliance.

It seems safe to assert that there will be no armistice, no peace conference with the military power; that the terms granted Bulgaria will be granted Germany, Austria, and Turkey—complete military surrender and acceptance of the terms of the allies.

There will be no dickering and no agreement, because agreements would be useless and an armistice under any other terms than those given Bulgaria would be disastrous.

The terms of peace will be those made by the allies, not those suggested by Germany, nor not terms that result from a peace conference. Peace will come when Germany ceases to fight, acknowledges that she has been beaten, when the armies have been surrendered and demobilized and a just peace which will insure the safety of the world arranged and put into effect by the allies.

Should Germany refuse our terms of peace the result will doubtless be a separate surrender by Turkey and Austria and perhaps Bavaria leaving the blasting out of Prussia for the campaign of next year.

While conditions are changing with startling rapidity and developments favor the allied cause—the cause of humanity, justice and freedom of mankind—in every theater of action, we must not be unmindful of the fact that we are called upon to redouble all our efforts and hasten the final victory which is now in sight.

Perth Amboy Explosion

The explosion in the big munitions plants at Perth Amboy, New Jersey, Friday night and Saturday morning, frightful as they were in their consequences, are reminders that we have been remarkably fortunate in escaping such tragedies.

Considering the great number of munitions factories in operation, the haste in the work, with its unavoidable attendant confusion, and the tens of thousands of unskilled workers employed in and about such factories and the loading stations and piers, the wonder is that we have not had more disasters of the sort which wrecked the Perth Amboy plant.

Never were high explosives and all sorts of dangerous high power ammunition shells manufactured in such tremendous quantities anywhere on earth as they are today in the United States.

The employers and employees alike have been under great nervous strain to rush the work through to the earliest possible moment and both alike have been, and are yet, inexperienced in the dangerous work.

While, perhaps, German sympathizers are willing that the Huns be given credit with having caused the disaster, we are inclined to think that some inexperienced worker blundered. Perhaps it will never be known what unfortunate human being, having, probably, already paid the extreme penalty, was responsible for the tragedy.

POEM FOR TODAY

THAT AGONY QUARTET

When you're feelin' rather blue
And you don't know what to do;
When this old world seems drear and dark as jet;
When you think of home, sweet home,
And the girl across the foam,
Your thoughts are rudely shattered
by that "Agony Quartet."

"Sweet Rosie O'Grady, My Dear Little Rose,"
"Rings on My Fingers and Bells on My Toes,"
"Little Annie Rooney," "By the Old Mill Stream,"
And, "Don't Wake Me Up, Let Me Dream, Dream, Dream."

When the night with yells is teeming
And a million cats are screaming,
And all you do is rave and fume and fret,
Though the music's not divine,
Take a tip, old pal of mine,
It's sure a whole lot sweeter than that
Agony Quartet—

"One, Two, Three, Four, Sometimes I Wish There Were More,"
"Ein, Zwei, Drei, Vier," a thousand songs or more;
And then you'll hear the tenor sing
"Sweet Adeline,"
"I Found You Among The Roses"—
"Caroline."

Oh, the hee-haw of a donkey,
And the screeching of a monkey
Are music in comparison, you bet;
Don't waste your time in weeping,
Or try dodging it—no sleeping
When you hear the howling chorus
of that Agony Quartet—

"We'll Build a Little Home in the U. S. A."
"Meet Me at Twilight, Sweetheart,"
"On Moonlight Bay,"
"Better Dry Your Eyes," "You're Mammy's Coal Black Rose,"
"Pretty Baby," "Where the River Shannon Flows,"
—CORPORAL JACK WARREN CARROLL, F. A.

FAYETTE GIRL ASSISTS IN BIG DRAFT LOTTERY

Miss Donna Barnett, Daughter of Mr. and Mrs. Chas. Barnett of Waterloo Pike, Tells How the Lottery Was Conducted and Is One of 40 Girls Who Assisted

Miss Donna Barnett, daughter of Mr. and Mrs. Charles Barnett of the Waterloo pike, who is in Washington, D. C. employed in government work, was fortunate in being one of 40 girls out of 300 volunteers who assisted in the great government draft lottery held on Monday of last week, being present from beginning until the end of the drawing, working in shifts of two hours, with lunch and breakfast at the Capitol Building, where the drawing occurred.

In a letter to her parents she says in part:

Tuesday evening, 5:30 P. M.
Well, the big lottery is now over. I shall begin at the beginning for I know it will be interesting to you.

Yesterday at 12 sharp before an audience composed only of General Crowder's office force, the officers and their families and the clerks the drawing began.

At five minutes till twelve, the higher officials led by President and Mrs. Wilson came in and took the honor seats at the side; at twelve Crowder stepped forward, made a short speech Captain Morris stepped forward with the blindfold and the President came forward and drew the first number, which was 322; Vice-President Marshall the second number 7277. Then the higher officers of the navy and army took their turns at drawing the numbers. General March, a line looking man, drew one, then some of the Senators and Representatives until they drew about 25 or 30. Then the movie men, who were piled upon top of each other taking it, and after the party of nobility departed the drawing started in earnest and they certainly did make numbers fly. They finished drawing at about 8:30 this morning.

I got a splendid view of the President and Mrs. Wilson. She is very charming and Woodrow seemed in wonderful spirits as he talked and kidded with the Senators seated near him.

Then I came home, as I slept during the afternoon and went on duty at 6 last night, worked until 8 and rested until 10, worked from 10 to 12. At 2 we went over to the Capitol and were there served with a hot chicken pot pie supper, baked beans and delicious fruit salad, pie and tea or coffee.

Then we went back, rested until 2 and the work went on. That finished our work. Then from 5 to 8 I sure did sleep. At 8 we went over to breakfast which consisted of 2 fried eggs, ham, fried potatoes, tea or coffee. First course oat meal, which I forgot to mention

THE PERTH AMBOY LOSS \$25,000,000 REBUILDING BEGUN

Government Officials Are Making a Thorough Investigation.

By Associated Press Dispatch.
Perth Amboy, N. J., October 7.—While search of the ruins of the mammoth shell-loading plant of the T. A. Gillespie & Company at Morgan continues in the hope of finding more of the bodies of the 94 workmen who are believed to have perished in the TNT explosion last Saturday, the work of rebuilding was started.
Of the 21 bodies taken from the ruins only five have been identified. The revised list of injured, it was said, would number about 150.

Government officials who have been studying the effect of the disaster which caused damage estimated at \$25,000,000, have adopted measures in the rebuilding plan to prevent such wide destruction.

MEXICAN LEADER WANTS AMNESTY

Social and Personal

All arrangements are practically completed for the convention to be held in Coshocton, October 15 to 18. The various local committees have left nothing undone for the comfort and pleasure of their guests. Mrs. James Neil Fleming of Cleveland has built a program which promises to be not only interesting, but most helpful to every club woman who feels the need of fostering the club spirit in order that because of our perfect organization we may be of greater value to our country.

Among the prominent speakers who will be heard are Howard R. Heyton, Chief of the Dept. of Education of the Red Cross Institute, who will speak on the reeducation of the War Cripples. No one questions the truth of the statement that the reconstruction of the returned soldier, who has suffered the loss of perhaps all but life, is the problem which all must face and be ready to solve.

No class of citizens will be of greater value in helping to do this tremendous task better than the intelligent club woman.

Mrs. Josiah Evans Cowles, President of the General Federation of Woman's Clubs, will be an honored guest and will address the convention the evening of the seventeenth. Mrs. Percy V. Pennybacker, former president of the General Federation, is now representing the government, and on Tuesday will bring a vital message to the delegation on what our government expects of our young women.

The Federated Music Clubs of Ohio have recently affiliated with the Ohio Federation and will on Monday, the 14th, hold their annual meeting, with a beautiful concert in the evening. The one social feature of the convention of especial note is the clam bake to be held Wednesday evening.

It is expected that local Federated Clubs will be represented at the Annual Convention.

An excellent two column portrait of Miss Mae Duffee appeared in Sunday's Columbus Dispatch with a complimentary mention of "Fayette County's Poetess," and the poems which she has compiled in book form.

Among week end events none were more enjoyed than a roast, in which the young women of the Sunday school classes of the Bloomingburg Presbyterian church, taught by Miss Bertha Larrimer and Miss Esther Boggs, participated.

The roast was held at the gravel pit on the Larrimer farm and marked by novel features. The pit had been transformed into a picturesque cave, with large branches of bright colored autumn leaves and golden red interlaced in effective background. "There were all the good 'eats' which especially go with a 'roast' and everybody had a royal good time.

MINISTER RESIGNS

GENERAL VON STEIN

Lieutenant-General von Stein, Prussian Minister of War, has resigned his post, according to reports from Copenhagen. General von Stein became Prussian war minister late in October, 1916. Before his appointment as War Minister he was in command of troops on the Somme front in France.

Emery White, member of the city fire department returned to work a week ago after a long illness from bronchitis. The effect was too much for him and Saturday night he collapsed at the engine house and was taken to his home on West Paint St. in a serious condition.

Betty Brock, the baby daughter of Dr. and Mrs. L. L. Brock, who was critically ill Saturday, is showing decided improvement today.

GASOLINE IGNITES AUTO IS DAMAGED

Liveryman Ora Blackmore's Buick Six automobile was damaged somewhat Saturday night from gasoline which had escaped when the machine slid into a ditch this side of Jamestown, ignited.

Only prompt action on the part of Mr. Blackmore, who smothered out the flames, prevented the car being destroyed. The damage will not probably exceed \$25.

FROM PITTSBURG

Mattie V. Bushee, nurse who recently died of influenza at Camp Sherman, and was reported to be from this city was from Pittsburg, according to later reports from Camp Sherman.

DEATHS

McCOY.

BUY MANY BONDS DURING SATURDAY

The sale of the Fourth Liberty Loan bonds is moving forward at a fair rate of speed, and Saturday witnessed the purchase of thousands of dollars' worth of the bonds.

The smaller investors, of which the government is expecting upward of 3,000 in Fayette county, are beginning to make purchases, and every person who can invest \$50 or more is not only urged but is expected by the government to invest in bonds.

The present victories have nothing to do with Liberty Bond sales, because the loan must be floated to meet expenses already incurred and that will be incurred for many months to come, even though peace be declared immediately.

There is no alternative—The full quota of each community must be taken, and this applies to Fayette county.

Persons who invest before the drive is launched on October 12th, when a house to house canvass will be made in the city and county, will be saved a visit from the War Work Council workers.

DISEASE FATAL TO CLARENCE MAXWELL

Private Clarence Maxwell, of Jefferson township, this county, is the fifth Fayette county soldier to die with influenza at Camp Sherman, news of his death reaching this city late Saturday afternoon.

The body was taken to the home of his mother, on the Harold pike, in Jefferson township, Sunday night, by Undertaker Morrow of Jeffersonville, and after brief funeral services at the Hidy cemetery Monday morning at ten o'clock, the young man was laid to rest.

DIDN'T BUY BONDS; GOVERNMENT AGENTS VISIT THESE MEN

When Liberty Bond salesmen visited two or three well-to-do residents of the Jamestown community, a few days ago, and were turned down by the residents, who flatly declined to invest in government bonds, the matter was reported to agents of the Department of Justice, who lost no time in making a visit to the offenders with the result that one man subscribed for \$5,000 and was glad to do it, and the others fell in line for smaller sums, with the result that the few hours spent by the government agents meant about \$25,000 additional in sales of the Fourth Liberty Loan sales in that community.

C. S. KELLEY VERY ILL AT CAMP MEADE

Mr. and Mrs. Frank Kelley, of this city, Saturday afternoon received a telegram that their son, C. S. Kelley, barber, who has been in the military service for some time, was in a critical condition at Camp Meade.

Mr. and Mrs. Kelley left at once for the bedside of their son and on Monday afternoon word was received by friends here by telegram from Mr. Kelley's parents that his condition was much improved.

Private Kelley is suffering from influenza.

DEATH SUMMONS YOUNG WOMAN

The death of Miss Jessie Slaughter, daughter of Mr. and Mrs. M. M. Slaughter, of Sedalia, which occurred Saturday night at a Columbus hospital, is learned with deep regret in this city.

Miss Slaughter was an unusually attractive young woman, a favorite in her home town and having many friends in this city, where she was a frequent visitor.

Funeral services will be held Tuesday at 2:00 p. m., at the home near Sedalia.

IS YOUR LIFE A HARD ONE?

Do you feel at times that this war has made your life pretty hard? Read what an American correspondent writes about one of our boys who has been doing his duty:

"In a little field hospital west of Montdidier I stopped at the bedside of an American boy, a victim of mustard gas. His eyes were matted with horrible yellow pus and, of course, he could not see. His face was terribly burned. His lips were swollen and purple. His whole body had been turned brownish-yellow and portions of it

looked like melted flesh, as though it had been liquefied. I leaned over and said to him 'The boys are getting their revenge for you tonight.' He smiled through his seared lips and in a voice so faint that I had to bend down to hear, he gasped, 'God! I wish I was back there with them.'"

Do you still think your life a hard one? For God's sake do your duty to this boy and to hundreds of others like him who are fighting and dying for you! Buy LIBERTY BONDS to the limit of your capacity and then see that your friends and neighbors do the same.

Washington, Oct. 7.—In official circles here Germany's newest peace offer, proposing an armistice while President Wilson considers and conveys to the allies a proposal on the basis of terms laid down by the president himself, is the main topic of discussion. It was recognized on all sides as the next step in the continuing efforts of the German statesmen

to save something from the wreckage of their dream of world domination.

It hardly is taking a position in advance of the American government to say that if the present proposition signifies Germany's unqualified acceptance of the four principles of peace laid down by President Wilson in his Fourth of July speech at the tomb of Washington, it will be considered.

Those terms, accepted by the allies as their own, the president compressed into a single sentence: "A reign of law, based upon the consent of the governed and sustained by the organized opinion of mankind."

They provided for the destruction or reduction to virtual impotence of any arbitrary power capable of disturbing the peace of the world, the settlement of every question on the basis of the interest of the people concerned, and in effect a league of nations to enforce peace.

If in the offer of Prince Maximilian, the new imperial chancellor, Germany is willing to accept these terms and the remainder of the world is satisfied that he speaks not alone, but with the military masters of Germany in acquiescence, the next logical step would be the withdrawal of every German soldier from every foot of occupied territory. From that point the allies might begin to test the sincerity of Germany's willingness to conform to the world peace conserving program.

No one in Washington even as much as gives thought to any proposal that the victorious troops of Great Britain, France, Italy and the United States should halt in an armistice while a "discussion" is conducted. There might be an armistice of the same nature as was given to Bulgaria, an armistice of unconditional surrender.

When Austria proposed a peace negotiation the official view was summed up this way: "Austria is breaking; that is the time to hit her hardest, not the time to talk peace."

Prince Maximilian's offer, with those said to be coming simultaneously from Austria and Turkey, will go under the same acid test which has been applied to all the others. If it fails to stand the test it will go the way of all the others.

COUGHED SO HE COULDN'T SLEEP

Bronchial coughs, tickling in the throat and asthmatic spasms break one's rest and weaken one so that the system is run-down and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold and coughed continually all night; could hardly sleep. Foley's Honey and Tar cured my cough."

RED CROSS WOMEN BREAK ALL RECORDS MAKE 1850 MASKS

The local Red Cross broke all records and accomplished an amount of work on Sunday that seemed almost miraculous. Two hundred women responded to the urgent call from Camp Sherman to make masks as rapidly as possible and every available bit of space at the Red Cross headquarters was turned into a busy workshop. Many of the women worked all day with the amazing result of 1850 masks finished by night.

Camp Sherman sent over a young soldier twice during the day. In the morning he took back to camp 825 masks and late in the afternoon 950 the women carrying over to start today's work 328 masks.

The envoy from Camp Sherman expressed high appreciation of the way in which the Washington Red Cross Chapter is measuring up in its wonderful response. Within the past ten days the Chapter has shipped 4475 masks—a number which speaks eloquently of the splendid and assiduous work of the women of this community. Even outside papers generally are praising the work of the local chapter.

Washington C. H. Women Help

The women of Washington C. H., have come forward nobly in the work of helping the base hospital stamp out Spanish influenza at Camp Sherman. Learning that the demand for face masks was more than could possibly be met by the women of Chillicothe, they set to work to help out, and Wednesday evening sent over 1500 face masks, which are so acceptable at this time.—Scioto Gazette.

"INTERNAL" FRONT IN GERMANY IS FULL OF GAPS

By Associated Press Dispatch.
New York, October 6.—Internal political weakness in Germany is contrasted by the Cologne Gazette with the solidarity of the Entente allies on the western front. The paper be-

moans the lack in Germany of "something like the steel wall," along the German front.

"Our interior front has always showed gaps," says the Gazette. "It seems as if we lack a certain spiritual cement which keeps the others together despite the blows our victories gave them in these four years."

"The English interior front, as soon as an external enemy has to be fought is gapless and without weaknesses."

"Danger of a moral collapse in Germany evidently is foreseen, for the Gazette says: 'Only one thing could rob us of victory; the crumbling up of the interior front.'"

"The most serious menace of this internal front is declared to be the doctrines to be found in all parties and classes of society. The paper declares that such men as Prince Lichnowsky, formerly German Ambassador to London, who wrote a memorandum accusing Germany of beginning the war, and Maximilian Harden, editor of Die Zukunft, whose paper was suppressed for defending Prince Lichnowsky, as well as some of the Socialist leaders in the Reichstag should be removed from political positions."

ARMY OFFICERS TO PROBE EXPLOSION

(American Press)

Perth Amboy, N. J., Oct. 7.—Major General C. C. Williams, chief of ordnance of the United States army, arrived here to conduct a rigid investigation into the explosions and fire which demolished the shell-loading plant of T. A. Gillespie company at Morgan, with the loss of 50 lives and injury to 150 more workmen. The loss is estimated at between \$15,000,000 and \$20,000,000. Army officers here declare that the danger is virtually over and they hope to begin at once a systematic search of the ruins for the bodies of victims. The Red Cross has established relief stations for the thousands of refugees and has the situation well in hand.

South Amboy, a town of about 10,000 population, four miles north of Morgan, was virtually wrecked by the series of blasts. Scarcely a building in it remains habitable.

THEY ARE IN THE FIGHT EVERY DAY. WHAT ARE YOU DOING? BUY A BOND.

EPIDEMIC HERE ON THE DECLINE

It is the general belief that the epidemic of influenza in this city and community is on the decline, altho it is admitted the decline is slow, and it may be some time before the precautionary closing of schools and other places of assemblage may be lifted.

In the meantime there is believed to be no occasion for undue alarm over the situation, inasmuch as there are comparatively few cases of pneumonia, and the fatalities are very few. Nothing regarding the epidemic has been concealed, and the advice of the health authorities is for those contracting the disease to take proper care of themselves and to not delay treatment, and it is largely due to this that there are so few cases of pneumonia, although a great many cases of lagrippe or influenza.

It is believed that the fatalities in Fayette county so far have been even less than in some former severe epidemic of lagrippe and pneumonia cases.

In the meantime all persons are warned to guard against spreading the disease.

THREATEN TO CLOSE EXCHANGES

The Clinton Telephone Company, in Wilmington and adjoining towns, has issued notice that only emergency calls can be handled because of so many operators being ill with influenza, and that unless the calls are limited to calls in case of sickness and fires, that the exchanges must be entirely closed until normal health conditions result.

PHEASANTS ARE GIVEN FREEDOM

Thirty Ring-neck Pheasants were recently distributed in this county, through the Fayette County Fish and Game Protective Association, the birds being placed on farms where there was a great deal of cover and where there is promise of absolute protection against hunters.

JEFFERSONVILLE FREE OF DISEASE

At Jeffersonville and in the territory surrounding Jeffersonville there has been remarkably little influenza, in fact not a single case is said to exist in Jeffersonville, and very few in

the surrounding community, so that the schools continue in operation and all public meetings are unrestricted. A few bad colds are said to exist, but no cases of pneumonia have occurred within Jeffersonville or within a radius of several miles.

THE KAISER GIVES TALK TO ARMIES

(American Press)

Berlin, Oct. 7.—Emperor William issued a proclamation to the German army and navy in which, after announcing that the Macedonian front had crumbled, he declared he had decided, in accord with his allies, to again offer peace to his enemies. The proclamation reads:

For months past the enemy, with enormous exertions and almost without pause in the fighting, has stormed against your lines. In weeks of the struggle, often without repose, you have had to persevere and resist a numerically superior enemy. Therein lies the greatness of the task which has been set for you and which you are fulfilling. Troops of all the German states are doing their part and are heroically defending the fatherland on foreign soil. Hard is the task.

"My navy is holding its own against the united enemy naval forces and is unwaveringly supporting the army in its difficult struggle. The eyes of those at home rest with pride and admiration on the deeds of the army and navy. I express to you the thanks of myself and the fatherland.

"The collapse of the Macedonian front has occurred in the midst of the hardest struggle. In accord with our allies I have resolved once more to offer peace to the enemy, but I will only extend my hand for an honorable peace. We owe that to the heroes who have laid down their lives for the fatherland, and we make that our duty to our children.

"Whether arms will be lowered is a question. Until then we must not slacken. We must, as hitherto, exert all our strength unwearily to hold our ground against the onslaughts of our enemies. The hour is grave, but, trusting in your strength and in God's gracious help, we feel ourselves to be strong enough to defend our beloved fatherland."

ENTERS STATION AT BLOOMINGBURG

Rudolph Jackson, 16, colored, residing in this city, was run down and arrested Sunday about noon, by Mayor C. W. Creath, of Bloomingburg, and a charge of entering the B. & O. station at Bloomingburg, breaking into the cash drawer and carrying off property belonging to the railroad, was placed against him by Detective Laurence, of this city, who went to Bloomingburg after the young burglar.

The crime was committed in broad daylight, and Jackson is said to have had another boy with him when the crime was committed. He gained entrance by forcing a window, and then proceeded to rifle the station, but obtained very little for his trouble. He was seen about the station, it is claimed, and Agent A. D. Exline notified Mayor Creath, with the result that they gave chase.

Jackson was on a bicycle and started toward this city by way of the Devalon road. When he noticed that he was evidently being pursued he left the road and started down Paint Creek, with Mayor Creath in hot pursuit, and the young culprit was speedily overhauled and taken prisoner.

In his pockets were found a number of keys and apparatus for picking locks.

LOCAL MEN STUNG

The hearing of three members of a poker game raided by the police will take place in Mayor Gordin's court tomorrow, Saturday morning. Two Howard men, from Washington C. H., and William Traverse plead guilty and

paid \$50 and costs each. The game was held at Geo. Artis' on Ohio avenue, and Artis and two others will stand a trial before the mayor. Artis is charged with keeping the place. The game was raided by officers Buzzard, Colden and Gallagher.—London Democrat.

FEWER INFLUENZA CASES REPORTED

(American Press)

Chillicothe, O., Oct. 7.—One hundred and four deaths occurred in camp from the Spanish influenza pneumonia epidemic within 24 hours, making the total of deaths since the epidemic started 363.

Pneumonia cases admitted to the hospital within the last 24 hours, including cases that were previously undetermined, were 224, the number of pneumonia cases totaling 1,226. Influenza cases admitted to the hospital within the last 24 hours are 197.

In spite of the number of deaths, medical officers are optimistic and point to the telegraphic reports from other camps as a sign that conditions here are better than anywhere else in the country.

Major B. F. Duckwall, camp surgeon, is very much in favor of the use of vaccine to prevent pneumonia after the present epidemic has subsided. He has letters to show that of 12,000 men vaccinated for pneumo-cocci at Camp Upton, N. Y., last year, the percentage of cases ran less than one-tenth among the vaccinated men.

HAULING APPLES FROM THE HILLS

During the past few days scores of automobiles and small trucks, laden with apples from the hill counties of southern Ohio, have passed through the city, many of the machines belonging in Fayette county.

The apple crop in many parts of the hills is a large one and with the scarcity of fruit in this community, local citizens are making trips into the hills and bringing back supplies of the much-sought-after fruit, paying \$1 to \$2 per bushel in the orchard.

HOOVER COMING

(American Press)

Columbus, Oct. 7.—Herbert Hoover, federal food administrator, will be here Thursday to attend a meeting of county food administration committee representatives at the statehouse. Hoover also has invited editors of Ohio newspapers to meet him for a conference at 2 p. m., Oct. 10, in the senate chamber. He intends to appear at no public meeting while in Ohio, it is said.

CO-OPERATIVE PLAN AFTER THE WAR

(American Press)

Washington, Oct. 7. — American manufacturers who plan to supply materials for the industrial reconstruction of northern France should prepare for co-operative selling, for a revolutionary change in French methods of buying is to follow the war. A small number of central purchasing agencies, representing groups of French manufacturers engaged in related industries, and assisted by the credit of the French government, will deal with those supplying the material. Scattered American selling efforts will not be able to meet the requirements of the huge buying power of several thousand French consumers. In the opinion of Pierce C. Williams, American commercial attaché at Paris, who reports that unless American manufacturers prepare for co-operative selling they will be laboring under a serious handicap.
